

# **ELECTRONIC CASE FILING HARDWARE AND SOFTWARE REQUIREMENTS**

## **Recommended System Requirements**

IBM or MAC PC  
Pentium - 64 MB RAM minimum  
Modem speed of 56K  
Adobe Acrobat 4.0 or higher (Writer and Reader)  
Word processing software  
Internet access  
Netscape 4.7 or higher  
Internet Explorer 5.5 (6.0 not compatible)  
Scanner (to image documents)

## **Requirements for Optimal Performance**

IBM or MAC PC  
Pentium III or higher - up to 256 MB RAM  
Minimum 40 MB of available hard drive space  
CD-ROM or 3.5" diskette drive  
DSL, Cable Modem or T1  
Netscape Navigator 4.7 or higher  
Internet Explorer 5.5 (6.0 not compatible)  
Internet access (Point-to-Point Protocol)  
Adobe Acrobat 4.0 or higher (Writer and Reader)  
Word processing software  
Petition preparation software  
Scanner 10 ppm and higher (to image documents)

**Note:** Connection speeds can be made at 56K or less, however performance may not be satisfactory (i.e., slow response time and access). The higher the connection speed between your computer and your Internet Service Provider (ISP), the less time you will spend waiting for your files to transfer.
